Theme: “Olde Tyme Apple Blossom”

All entries are encouraged to design their units around this theme.

1. **All units must be decorated.** See tips below for ideas or get creative and develop your own.
2. Floats are strongly encouraged. In fact, we challenge you to create a float.
3. Prizes will be awarded only to float entries.
4. **IMPORTANT:** We’re proud to be Americans, and we know you are, too. So, the Apple Blossom Committee asks that all units display at least one American flag. Fly it proudly.
5. The Apple Blossom Parade is a fun family event with lots of children both in entries and along the parade route. We request that your handouts reflect positive community values and avoid controversial or otherwise inappropriate issues.
6. Any parade entry that causes the parade to stop (e.g. radio/television interviews, special performance groups, political entries, or those experiencing mechanical breakdown) is encouraged to immediately move to the side of the street to allow the parade to progress with ease.
7. No semis are allowed in the parade.
8. **NEW: 2 adult spotters are encouraged to walk next to the unit**

Tips for decorating units

CAR CHALK. Decorate the windows with window chalk, writing appropriate messages. For example, if your vehicle is pulling a parade float, you can give information about the organization involved (Girl Scout Troop 123). Also, have fun decorating around the words by drawing stars, hearts, flowers and whatever else you can think of.

STREAMERS. Tie ribbons or streamers to the car antenna. Let them hang down approximately 6 to 8 inches as you don’t want them distracting your driving. If you can find one, place an antenna topper on there as well. The same ribbon or streamers can be hung along the sides of the car. Do this by using regular clear tape, but affix it to the black trim of the window only. Tape could damage the paint.

TIN CANS. String some tin cans and tie them to the rear bumper. Use can use empty soda cans, or those from canned vegetables. Clean the cans by rinsing them with water. For the soda cans, you can tie the string to the pop top. For other cans, you can drill a small hole or tape the string to the bottom of the can. Fishing line makes a very good string for this project. The noise from the tin cans will let your presence be known from a mile away.

POSTERS. Create posters for the sides of each car. Decorate them with markers, and then adhere them to the window trim with several pieces of tape.

BALLOONS. Fill balloons with helium and attach them to the top of vehicles and high parts of floats.

FESTOONING. Festooning is a colorful garland that can be attached to edges of vehicles and floats or wrapped around parts of each.

FRINGE. Both tissue and metallic fringe can be attached to edges of vehicles and floats.

FOAMBOARD LETTERS. You can use these letters to identify your unit or group. Make sure they’re large enough to be easily read from a distance.

GRASS MATS. You can use these mats to dress up the floors and sides of trailers and other units

The Apple Blossom website (<http://www.appleblossomparade.com/abparade.html>) has examples of these items for you to view.
